think 2021

The premier hybrid cloud and AI event
May 11 | Americas
May 12 | APAC and EMEA

Register for Think 2021 today!

Join and invite your clients to Think 2021 where we will celebrate industry innovators who have changed the world for the better through technology. Think 2021 is IBM's one-day global digital event experience that is taking place on May 11 and 12. Global showtimes are available to ensure that your clients can engage, learn and network with experts and peers in real time, no matter where they are.

Insights, guidance and connections that businesses need now

Personalized curriculum
Create your unique experience with a mix of thought leadership, user stories and technology deep-dives that are relevant to your business. Hear what's new and what's next for IBM and understand how to maximize your existing portfolio.

Credential-building education
Become indispensable to your organization through 250+ on-demand technical sessions. Gain thousands of dollars' worth of training via labs, hands-on training and discounted certification exams in Think Academy.

New ways to engage
Access thousands of the brightest minds, including 100+ active IBM Fellows. Directly engage, network and problem-solve in real time through community forums and one-on-one chats with peers. Ask questions and directly engage with experts on groundbreaking technologies like hybrid cloud and AI, their positive impact and their potential for your company.
